

Your New Home Checklist

Moving into a new home is exciting, but there's a lot to remember. This checklist helps you get settled, stay organised and feel confident from day one.

Getting Started

- Collect and test all keys
- Take meter readings (gas, electricity and water)
- Set up utilities and broadband
- Redirect your post
- Update your address with banks, employer and GP
- Register for council tax
- Locate stopcock, fuse box and meters
- Change locks if required

Settling In

- Check smoke alarms and carbon monoxide detectors
- Book a boiler or heating service if needed
- Introduce yourself to neighbours
- Locate warranties and manuals
- Create a maintenance folder for your home

Insurance, Protection & Future Planning
